🎓 Education

MSc in Digital Media & Informatics

University of Bremen

10/2025 – Present | Bremen, Germany

BSc in Computer Science & Engineering

American International University

Bangladesh

09/2018 – 03/2023 | Dhaka, Bangladesh

CGPA: 3.69 out of 4

💻 Technical Skills

Programming Languages:

Python (Professional Level)

Laravel/PHP (Professional Level)

Java (Intermediate Level)

C/C++ (Intermediate Level)

ASP.NET (Intermediate Level)

WEB LANGUAGES:

HTML/CSS/Bootstrap/Tailwind

React

Javascript/NodeJS

TOOLS:

Jupyter/Anaconda

Power BI, Microsoft Office

MATLAB

AutoCAD(2007)

GitHub

Blender

MySQL, ORACLE, MongoDB

🌐 Languages

English

Highly Proficient (C1 Certified)

German

Basic Level (A2)

Bangla

Native Language

💼 Work Experiences

Junior Software Engineer (Full-Time) 1/10/2023 – 03/2025

Drasson (based in New York, USA) (Remote Work)

- Developed web and mobile apps with **React, React Native, Laravel**, and **Node.js**.
- Built and tested REST APIs using **Laravel, Node.js**, and **Postman**.
- Automated testing with **Selenium** and managed **SEO** and client communications.

Software Developer Intern (Part-Time) 06/2023 – 08/2023

Proxmed (based in Australia) (Remote Work)

- Built responsive React.js interfaces with **HTML5, CSS3**, and **JavaScript**.
- Enhanced UI/UX for a medical web platform with user-focused designs.
- Used **Canva.js** for interactive medical image visualization.

Laravel Developer Intern (Part-Time) 03/2023 – 05/2023

Bracketi (Hybrid Office) Dhaka, Bangladesh

- Developed a company website with **Laravel** and **Inertia.js**.
- Built integration APIs.

🔬 Research Experience

Thesis: "Comparative and Improvement Study of Pothole

Detection Using Deep Learning Algorithms" 2023

Fine-tuned multiple CNNs for improved image classification and anomaly detection.

Real-Time Detection: Implemented YOLOv5 for precise, real-time pothole identification.

Validation: Conducted comparative testing to ensure model robustness.

Results: Achieved **97.34%** CNN accuracy and **93.42%** YOLOv5 detection precision.

Soft Skills

- Research Oriented
- Constant Learner
- Team Player
- Creativity
- Project Management
- Analytical Mindset

Hobbies

Video Games

Game enthusiast/ Game Tester

Music

Playing Guitar - (Acoustic)
Music Classical, Pop

Football

Bundesliga , EPL, La Liga

Ted Talks

Movies/TV Series

Breaking Bad, Game of Thrones ,The Simpsons ,Stranger Things

Organizations

IEEE, American International University Bangladesh, Student Branch
Student Member
01/2020 – 12/2021

- Attended IEEE AIUB seminars on **AI, ML, software development**, and research innovation.
- Gained insights into industry trends and collaborative project development.

Academic Projects

Famous Footballer Classification' | Python

- Implemented deep learning–based image classification using transfer learning (VGG16, ResNet50, VGG19) for automated recognition tasks.

'E-commerce Website (E-flip)' | Laravel (PHP) & React

- Developed a full-stack e-commerce platform with a Laravel-based backend for admin management and a React frontend integrated via API for dynamic data fetching.

'City View' | OpenGL(C++)

- Developed a Graphical 2D view of day, night, and rainy views.

'Covid-19 Vaccination System' | PHP

- Developed the Vaccination System Using PHP language.

'School Management System' | C# / (.NET)

- Developed a school management system.

'Banking Management System' | Java

- Developed the ATM system of a bank like withdrawing, depositing, and current balance.

Personal Projects

Weather Website

Created a website with JavaScript that displays current weather conditions for a searched location or automatically detects the user's location and provides the weather details.

YouTube Clone

Developed a YouTube-style web app using React.js with video browsing and search features using an API.

Online Certifications

Product Management Job Simulation - Electronic Arts 2026

Data Science Job Simulation - British Airways 2026

Deloitte Australia Data Analytics Job Simulation -

September 2025

Programming for Everybody (Getting Started with Python)

Coursera 

Getting Started with AWS Machine Learning

Probability and Statistics

Introduction to Virtual Reality

Software Engineer Internship J.P. Morgan Chase&Co.
